

Safeguarding and Wellbeing of Children and Young People Policy

This policy replaces the Catholic Archdiocese of Melbourne's Safeguarding Children and Young People Policy (version 1, July 2019)

Parish statement

The Parish of Port Melbourne and Middle Park has a commitment to creating a safe and welcoming environment for our children, young people and adults at risk. This involves establishing processes to promote their participation, wellbeing and safety. We follow the policies and procedures set out by The Catholic Archdiocese of Melbourne in the Safeguarding Children and Young People Framework to achieve this goal. The Safeguarding Policy forms part of this framework and is the reference point for all other policies.
